

Tsartlip Garden Program Workshops

***Plant Propagation Workshop** **COMPLETED** 10 am - 2:00 pm @Saanich Native Nursery
Project Reclaim. RSVP Beangka Elliott text/call 250 414-0201.
**Tsartlip Gardener's are invited by Project Reclaim to their workshop.*

Starting with Soil Workshop **COMPLETED** @ Tsartlip Health Center. 5:00 - 7:00pm
What kind of soil do you have? Is your soil healthy and happy? What do you need to feed your soil so the soil can feed the plants? This workshop will help you determine what your soil needs to grow a healthy garden.

Planting, Seeding & Companion Gardening Workshop **COMPLETED** @ Tsartlip Health Center. 5:00 - 7:00pm
When to seed? Should seeds be started indoors or directly into ground? What is companion gardening? What works best in a container gardens?

David Greig of Camosun College will be facilitating both the Tsartlip Garden Program Workshops .

Dinner will be provided and child-minding cost available if needed. Please notify staff at the time of the workshop. Please call Myrna or Rebecca to ensure your space at these workshops. 250-652-4473 ext. 206

Upcoming Workshops

Tsartlip Garden members were asked what kind of upcoming workshops they would like to see. From the ideas listed we hope to cover all the areas in the following workshops facilitated by David Greig. David Greig is teacher at Camosun College where he teaches gardening, composting and vermiculture

Starting with Soil Workshop

What kind of soil do you have? Is your soil healthy and happy? What do you need to feed your soil so the soil can feed the plants? This workshop will help you determine what your soil needs to grow a healthy garden for the coming season

March 14, 2018 @ Tsartlip Health Center, 5:00 pm – 7:00pm, dinner provided and childminding fees available.

Seeding, Planting and Companion Gardening will be the second workshop..
