

Invitation

TSARTLIP Community Engagement Sessions

Discussion and Idea Sharing

Tsartlip leadership is faced with difficult decisions on a daily basis, federal, provincial, municipal and within our community.

We would like to develop guidelines and processes that will help current and future leadership with community planning, political stances and conflict resolution that is consistent and fair.

The discussions will be focused on the topic of the evening and will give feedback to Council on how you see Tsartlip moving forward.

We are interested in gathering positive feedback. How do you see your community in the future?

All meetings will be on Friday's at 6pm in the Health Office

Light snack and a Door prize

November 2:
